

Haley Pinochi was born and raised in Humboldt County. She attended St. Bernard's Catholic School starting as a first grader and is an alumnus of the class of 1999. After graduating, she enrolled at Humboldt State University majoring in Biology. She received her Bachelors of Science in Biology with a concentration in Animal Physiology in 2004. From there she continued her education obtaining her single subject science credential in Biology and Multiple Subjects credential from Humboldt State University in 2006. In addition she obtained an ELA1 authorization specific for English language learners. She enrolled in the BTSA continuing education program and taught under a Science teacher at Eureka High school in order to clear her credentials. She teaches three high school level classes including Algebra II and Biology, as well as a junior high Life Science course and an Algebra course. Science is her passion. She enjoys being able to introduce science in a hands on atmosphere through labs and real life data collection.
